

## Lattice Wins Back-to-Back Cyber Security Global Excellence Awards

February 24, 2022

HILLSBORO, Ore.--(BUSINESS WIRE)--Feb. 24, 2022-- [Lattice Semiconductor](#) (NASDAQ: LSCC), the low power programmable leader, today announced that it has been named a [2022 Cyber Security Global Excellence Awards](#) winner by The Globee® Awards for the second year in a row. The [Lattice SupplyGuard™](#) service and [Lattice Sentry™ solution stack](#) won Gold and Silver awards, respectively, in the Cyber Security Solution & Service category.

"As the security needs of our customers continue to evolve, leveraging programmable FPGA and software-based solutions make it easier to add layers of protection to their applications and systems," said Eric Sivertson, Vice President of Security Business, Lattice Semiconductor. "We thank the Globee Awards for once again recognizing our SupplyGuard security service and Sentry solution stack for helping developers integrate strong firmware security and cyber resiliency throughout the system's life cycle."

The Globee Cyber Security Global Excellence Awards honor achievements in the cyber and digital security industry worldwide. Winners are selected by a worldwide judging panel of more than 55 executives and professionals representing a wide spectrum of industries.
