

Lattice Wins 2023 SEAL Sustainability Innovation Award

May 17, 2023

HILLSBORO, Ore.--(BUSINESS WIRE)--May 17, 2023-- [Lattice Semiconductor](#) (NASDAQ: LSCC), the low power programmable leader, today announced that it was named a 2023 SEAL Sustainability Innovation Award winner. Lattice was selected based on its low power and small form factor FPGA leadership that helps its customers design innovative systems and applications that are power efficient, compact, and performance optimized.

"Sustainability is built into our culture at Lattice. We thank the SEAL Awards for honoring Lattice for our unwavering commitment to bringing our low power leadership to some of the world's most important technology applications," said Jim Anderson, President and Chief Executive Officer at Lattice. "We look forward to further expanding our portfolio with exciting new solutions that enable our customers with more ways to achieve their sustainability and design goals."

"Granularity was the theme of the 2023 sustainability awards. Across all industries and geographies, companies are going deep and granular - into materials, chemistry, processes, R&D, and more - to generate sustainability improvements," commented Matt Harney, Chairperson and Founder of SEAL Awards. "Corporate ESG leadership - like our 2023 honorees have demonstrated - is absolutely needed to address our climate crisis."
